

## Easy Chinese Coins #2

---

Quilt Size is 52x72

Coins Strip width is 5 inches (5.5 inches with seam allowances)

Sashing strip width is 2 inches (2.5 inches with seam allowances)

Length of vertical rows is approximately 60 inches (you can vary this to increase or decrease your quilt length)

Inner Border is cut 2.5 inches

Outer Border is cut 4.5 inches

### Quilt Notes

- Ironing all the seam allowances down makes sewing the sashing and borders much easier.
- For information on making the Chinese Coins strips – visit <http://heartstringsquiltproject.blogspot.com/2007/03/chinese-coins.html>

Starting with a coins section, sew a sashing strip to the right side of 5 of the coins sections. The 6<sup>th</sup> section will not have a sashing strip sewn to it. Sew sections together using above picture as needed.

I trim my top and bottom rows to even them up before putting my inner border on which is cut out of the same fabric as the sashing; then add outer border.
