

# Pinwheels

## Quilt Notes

- Quilt size - 48 x 64
- Blocks are 8 inches finished (8.5 inches with seam allowances)
- Half square triangles should be 4.5 inches with seam allowances and you need 4 for each Pinwheel block. I cut mine with my GO die but you can use any method you choose.
- Novelty Squares are cut 8.5 inches
- Border is cut 4.5 inches
- EQ7 estimates the following yardage
  - 1.25 yards of the novelty print
  - 2.5 yards of the blue print which is enough for binding too
  - 1 yard of the green

If you have less fabric you can always leave off one row and your quilt would be set 5 x 6 and measure 48 x 56.
